REMARKS

Sheriff Gary W. Howard

As you review this report, you'll find a summary of statistics and narratives detailing the type and volume of work being performed by each Division of the Sheriff's Office, as well as a glimpse into the special programs created and provided for the public to use.

I hope that you will take notice of the volume of work being performed by my dedicated and professional staff. The trend of increasing workloads and unfunded mandates continue, but as I've previously stated, I believe that we are capable and talented enough to meet these challenges.

As always, I want to encourage all citizens to be proactive in crime prevention and in helping to keep our communities safe.

I am proud to serve as your Sheriff and will continue to work hard in leading a professional and effective Sheriffs' Office.

Grants

State and Federal grant funding continues to be a priority and is an important objective in meeting our goal of providing cost effective services.

Federal and NYS Homeland Security Grant monies continue to provide for essential equipment and information technology upgrades for emergency services and public safety.

In 2022, the NYS Governor's Traffic Safety Council provided a grant for \$12,150 for traffic enforcement and NYS Homeland Security and Emergency Services provided \$16,706. The NYS E911 Expedited Funding for the Public Safety Answering Point was \$129,044.

STOPDWI Funding provides for Special DWI Patrols, as well as equipment in support of DWI enforcement.

Public Service Programs

The Sheriff's Office continues to be an active partner with the NYS Child Passenger Safety Program. Tioga County residents can make a reservation to have their child safety seat inspected as well as be instructed on the proper method for installing a child safety seat.

In collaboration with the Tioga County Department of Health, Deputy Kaden Siang continues to actively participate in several Car Seat installation events during the calendar year.

Operation Safe Child

Using equipment that contains the latest digital fingerprinting technology and high resolution photography, the Tioga County Sheriff's Office provides SAFE CHILD cards for parents and guardians. In the event a child is lost or reported missing, these cards would serve as critical identification for law enforcement. The program is staffed by Corrections Officers who travel to schools and special events throughout the county during the year to process these specialized identification cards for children ages 3 through 15 years of age.

In 2022, 12 incarcerated individuals participated in the MAT program. The jail collaborates with CASA Trinity to provide a full-time substance abuse counselor on site. The counselor provides programs, referrals, and ongoing treatments to incarcerated individuals that choose to participate. Incarcerated individuals are given the opportunity to prepare for discharge planning for re-entry such as in/outpatient rehabilitation, programs and continue MAT. If an incarcerated individual chooses to, they can participate in training how to administer Narcan and receive a Narcan kit upon re-entry into the community.

Incarcerated Individuals Medical Care

A private contractor manages incarcerated individual medical services. CBH, P.C. provides in-house medical care, including dental and mental health services. These services are provided to incarcerated individuals by onsite staff. Medical, mental health and Trinity staff coordinate all discharge planning for incarcerated individuals to have a successful re-entry back into the community. This involves collaborating with community agencies to provide educational opportunities such as life skills and self-help to assist them in becoming productive members of society.

CBH staff utilize the Jail's medical examination room, and a full dental suite. A certified RN provides sick calls and care to the incarcerated individuals' population 16 hours a day and a full-time mental health counselor is on staff to provide counseling and make treatment referrals. The supervising physician is always on call and visits the facility once a week to provide treatment. Total operating costs for medical services in 2022 was \$724,068.

Alternatives to Incarceration

The Alternatives to Incarceration (ATI) Program has been operating in Tioga County since 1986 and provides the criminal courts with a sentencing alternative using community service. Eligible offenders are identified by the probation department and are recommended to the courts. The courts sentence the offender to the program for a predetermined amount of time. Once in the program, the offenders report to the Sheriff's Office each Saturday and Sunday to perform community service work. In 2022, the ATI crew provided 376 hours of work to a variety of government and non-profit organizations.

Programs

The Tioga County Jail offers TASC (Test Assessing Secondary Completion). The Owego - Apalachin School District has provided tablets for incarcerated individuals that participate. With these tablets, the individuals will have the ability to take them to their cells to continue educational activities. We also offer a variety of self-help courses that incarcerated individuals can participate in such as, communication skills, self-esteem, self-care and substance abuse counseling. The jail also offers a variety of religious services. Churches and institutional ministries visit the facility regularly to minister and counsel those incarcerated individuals who show an interest in attending.

Tioga County has participated in the Centralized Arraignment Part (CAP Court) since 2020. The court appearances take place twice a day, 7 days a week, at 8 am and 8pm. The Public Safety Building has a designated courtroom where arraignments take place. In the past, it was scattered around the county in 13 different courtrooms. This allows justices and attorneys to come to the jail or conduct a virtual court appearance in a centralized location. Detainees are able to meet with their attorneys before they participate in the arraignment process. Local justices are on a rotational on-call schedule to cover these arraignment times.

CAP is a result of new legislation aimed at ensuring the availability of legal counsel for defendants and reducing the burden on local courts. Any detainee that is arrested, not given appearance tickets and court is not in session will be brought to the Public Safety Building to participate in the arraignment and complete the book-in process.

The Tioga County Jail is currently accredited through the NYS Sheriffs' Association – Correctional Accreditation Program. The program is designed to establish and promote standards which are widely considered to be prudent and effective for operating a Correctional Facility. It provides formal recognition that the Jail meets or exceeds all 166 of these quality standards, which cover four major areas of the organization: Administration, Training, Technology and Operations.

Civil Office

Under the NYS Constitution, each Sheriff's Office must operate a Civil Office. The Sheriff is a designated enforcement officer of the Supreme Court of New York and is responsible for enforcing lower court mandates.

The Civil Office is responsible for receiving, docketing, and serving civil processes issued by courts within and outside of New York and providing appropriate proofs of service. Their responsibility includes executing court orders, including warrants of eviction, writs of assistance, civil arrest warrants, orders of seizure, orders of attachment, and orders directing the conveyance of real property.

The Civil Office enforces judgments through enforcement of Income and Property Executions, directing the garnishment of wages, delivery of real property and the sale of real property at public Sheriff's sales. The proceeds of these enforcement procedures are collected and disbursed to the judgment creditors monthly. Sheriff's fees received for the service and enforcement of civil processes and mandates are collected pursuant to law and remitted to the County Treasurer.

The office is staffed by a Civil Manager and a Law Clerk and is in operation during business hours, Monday through Friday. Two part-time Deputy Sheriffs are assigned to provide personal service of processes.

Community Out-Reach

NYS Sheriff's Summer Camp Iroquois

The Summer Camp Program, founded in 1977, was established by NYS Sheriffs to aid and enhance the development of the state's youth. In 2022, eleven children from Tioga County were selected to participate in the program, with all expenses being paid by the NYS Sheriff's Association. The camp also employed two counselors from Tioga County.

The children are selected with the help and input of area school officials and youth advocates who identify eligible children who they believe will benefit most from the experience.

The program is designed to foster a stronger relationship between the children and law enforcement and to give children a chance for a summer camp experience.

Located on the shores of Keuka Lake, outdoor learning activities, with professional instruction, are the cornerstone of the camp's recreational program. Team sports are also emphasized as a vehicle to teach comradery and discipline.

Sheriffs' Offices from across the state volunteer staff to supplement the professional staff. The volunteers spend a great deal of time with the kids, with many of them conducting demonstrations in the fields of archery, boating, water safety, and police dog exercise.

Deputy Sheriff Christian Midolo-Ray directed our program, and we thank him for volunteering to act as a mentor to the kids while at camp. Many volunteers from each school district are instrumental in helping to recruit eligible children and to complete a wide variety of prerequisite tasks needed for the children to attend the camp. These individuals have made our participation in the camp a success. The Sheriff's Office handled transportation to get the children to and from camp and thanks to generous donations by the community and the Tioga County Law Enforcement Association, our campers were provided food and beverage.
