

Tioga County Sheriff's Office

Press Release

January 21, 2015

Tioga County Sheriff, Gary W. Howard, announces the arrival of the agency's new website:
www.TiogaCountySheriff.com.

The website was created through the collaborative effort of Sheriff's administrative staff, Diane Rockwell and Arrah Richards, and "inCommand Technologies", a business consulting and web services company based in Corning, New York. In a prepared statement, Sheriff Howard said,

"On behalf of the dedicated men and women of the Tioga County Sheriff's Office, it gives me great pleasure to announce the release of our official website. I am proud to provide the citizens of Tioga County a variety of services which all center on Public Safety. Most of what we offer and do is referenced within the website for you to explore. Whether you are looking for information relating to the County Jail; signing up for emergency alert notifications; or just curious about what your Sheriff's Office has to offer, the information and links contained in the website will hopefully provide you with the answer to your questions."

Sheriff Howard also encouraged the public to regularly visit the Sheriff's Facebook and Twitter pages for current information about on-going investigations, press releases, and a variety of public safety information. Visit us on our Facebook page, "TiogaCoSheriff" and Twitter @TiogaCoSheriff.
